

# GREEN HUMIDIFIER®

Humidifiers that make a difference.

BestAir Pro, an industry leader in whole house humidification products, has designed a new line of **GREEN** humidifiers that are both water and energy efficient. Designed to be easily installed, the new **GREEN** line along with our patented "White Water Pads" deliver a whole new experience to the homeowners.

## FEATURES

- Patented Air diverter eliminates need for a bypass
- One opening on the plenum
- Durable plastic construction, resists rust, corrosion and warping
- Uses patented "White Water Pads"
- Output Capacity of 18 gallons per day

## BENEFITS

- Reduces water and electricity consumption
- Easy to install
- Cost effective

### Moisture Output Capacity

LBS/hour - 6.25  
 Gallons/hour - 0.75  
 Gallons/day - 18
